

# Help us build a new **TAMAR** class lifeboat for Sennen Cove

The RNLI City of London III Appeal needs donations to meet the costs of the Tamar's individual parts. Your donations will build our lifeboat helping us to save more lives at sea.

YOU CAN ALSO FUND MANY OTHER PARTS. TO DONATE, PLEASE CALL 020 7839 3369 OR EMAIL [LONDON@RNLI.ORG.UK](mailto:LONDON@RNLI.ORG.UK)

*'The crew are very impressed. At the end of the day, this lifeboat will get to casualties quicker and keep the crew safer.'*

Radar Scanner £4,500

VHF Direction Finder £4,200

Pyrogen Fire System £7,600

Climate Control System £10,000

Complete SIMS rack £248,000

## City of London III Appeal

The RNLI's new Tamar class lifeboat can withstand the worst of sea conditions and is designed to be faster, safer and more effective than its predecessors. We believe our volunteer crews deserve the safest lifeboats we can provide. The City of London III appeal needs to raise £1M towards a new Tamar for Sennen Cove station in Cornwall. Every individual part is needed and every single pound donation does make a difference.
